To all LPG suppliers / dealers

Dear Sir / Mdm

REQUIREMENT FOR LPG ACCESSORIES WITH SAFETY MARK FOR RESIDENTIAL HOUSEHOLDS

Following a recent fire, SCDF discovered that the affected residential household possessed a Liquefied Petroleum Gas (LPG) cylinder that was equipped with a Put On Left (POL) valve. Under the Consumer Protection (Safety Requirements) Regulations, POL valves are not allowed to be used in residential households as they are not certified with the Safety Mark.

2 This circular serves as a reminder to all LPG suppliers / dealers to adhere to the following when supplying to residential households:

- a. Supply LPG accessories (e.g., hoses, regulators) that are certified with the Safety Mark only; and
- b. Do not supply LPG cylinders that use any LPG accessory without the Safety Mark.

3 Should you have further enquiries, please contact Ms Richall Loh at 68481475 or email at Loh_Han_Lee@scdf.gov.sg.

Yours faithfully
